

Product data sheet

OptiProtect

The manufacturing meets the requirements for regulatory purposes according to the directive 93/42/EEC for medical devices and the quality management systems ISO 13485 and ISO 9001.

Product data (V.6.0)

Product:	Face Shield
Trademark:	SAFE®
REF:	265
Manufacturer:	DACH Schutzbekleidung GmbH & Co. KG
Categorization:	Category I Personal Protective Equipment Directive 89/686/EEC, Class I, non-invasive, Directive 93/42/EEC for medical devices (UMDNS: 11-961).
Product description:	Non-reflecting, anti-fog eye-shield with soft foam cushion to ensure maximum comfort for permanent and long term use. Lightweight and easy to use.
Material:	Head cushioning: comfortable polyurethane foam in ergonomic fit, latex free Elastic Strap: elastic strap, latex free Shield: rectified* polyester, Anti-Fog treated * Minimized extrusion lines, therefore glass like transparency. Not rectified polyester shows visible extrusion lines so the eye can only focus with difficulty, which may cause dizziness.
Weight:	Approximately 25 g
Dimensions:	Shield: Height: 33,5 cm, width: 19 cm Head cushion: Depth: 3,5 cm Straps: Length: 31,5 cm
Application:	All used materials are free of irritating substances, odourless and medically applicable. With flawless sight and the extremely low weight, this product is appropriate for the long-term and continuous application in clean rooms, such as operating rooms, pharmacy, food and electronics manufacturing sites. It provides perfect protection for user and product.

Quality:	<p>Shield: The rectified polyester guarantees distortion-free sight. The user will experience no dizziness, even when in long-term application. The rounded edges allow flexible head movements without slipping of the shield.</p> <p>Head straps: The straps are worn around the head instead of by fixation behind the ears; therefore this face shield may be worn comfortably for many hours. The latex-free materials prevent allergic reactions.</p> <p>Head cushion: Extremely light, dermatologically friendly and breathable. The ergonomic shape ensures an ideal anatomic fit.</p>		
Dermatological tolerance:	No intolerance reaction.		
Packaging unit:	Units	Packaging	GTIN
	25 pcs.	Box	4049825000228
	100 pcs.	Shipping carton	4049825500216
Storage:	Store at room temperature in a dry environment without direct sun exposure and in original packaging. Under these conditions the product has a maximum storage life of 10 years.		
Disposal:	<p>The disposal of this product is environmentally friendly. It can be disposed thermally or by landfill without releasing toxic substances.</p> <p>The disposal of contaminated products must be determined by its contamination and prevailing laws and regulations.</p>
